

# The Solutions Team

INCORPORATED

## STEP 1

### Initial Call & IT Wellness Assessment

Schedule a 20-minute call with us, answer 20 questions about your IT, and receive an executive-level SWOT Analysis and a Report Card of your IT systems. Get confirmation of your strengths, recognize weaknesses and opportunities, and — most importantly — identify threats.

*Our IT Wellness Assessment is complimentary.*

[CLICK HERE TO SCHEDULE](#)

## STEP 2

### Learn About Customized Solutions

With the results of your IT Wellness Assessment, we'll know how to help you stabilize your IT setup so you can focus on the business of providing great care to patients. We'll give you a detailed proposal for services that will solve your IT Problems.

## STEP 3

### Present To Decision Makers

With your IT Wellness Assessment and our proposal, you will have everything you need to present our services to your doctors and decision-makers. We'll be happy to present to them as well.

## STEP 4

### Decision Reached, Contract Signed

Once a decision is reached to do business with The Solutions Team, the next step is to send us the signed contract. Please allow 30 days for planning of your implementation.

## STEP 5

### Training and Go-Live

We'll create a detailed plan so you and your team know what to expect. We'll come on-site for training and implementation, and you'll feel good about the process.

## STEP 6

### First 90 Days Peace-Of-Mind Guarantee

Our first 90-day Peace-of-Mind Guarantee says that if we don't meet your expectations in our first three months, you can exit your contract and only pay for the time we do business together.

## STEP 7

### IT Problem Solved, Focus On Your Business

Whether you hire us for one small component in your system or choose our Comprehensive Solution where we manage everything between your internet connection and your EHR, our goal is simple:

***We want you to have less IT chaos so you can start leveraging IT to strengthen your business.***
